“ I always enjoyed my visits to the agency and talking football with Rodger. We never got much Insurance work done but I sure enjoyed those hours of engaging and picking Rodgers brain about football. My condolences to Paul, Sally and family.

“ As a child I was privileged to watch Calvin, then Billy, and as a teenager, Roger. I have so many memories of his exploits on the football field. To this day I consider Roger and Sonny Collins as two of the greatest running backs in UK football history. His autograph from the mid 60's is one of most prized possessions. My condolences to his family. Please know what wonderful memories he created for many young men . He was a true rock star.

“ Prayers for Sally and all of Rodger's family. I came to know Rodger and Sally when I worked at Inter-County and we purchased insurance through them. Such a genuine, kind, and caring family. I know he will be deeply missed

“ I didn't know Roger until later in life, but I knew about Eastern Kentucky and actually knew some of the same people and companies he did. We both always enjoyed reminiscing. He made it known that Henderson was his home however. Such a humble and true Gentleman. Please know our thoughts and prayers are with you.
