“ There was not another mamaw like her. She was one of a kind. She made sure you were fed when you walked in (gravy n biscuits ) , smiling/laughing with a story when you walked out. And if you were her favorite she'd have your chewing gum ready when you came to mow. Better not slack on your lines cuz when you checked the window 9 times out of 10 you could see a pair of glasses and ruby red lipstick watching through the blinds because that's what papaw would've wanted. Love my mamaw
