“ *I loved going to dinner with her, we'd talk, eat a bit, drink a bit and then we'd talk some more eat some more, and drink some more and after about 3 hrs, we'd let the resturant have their table back and our designated driver, Preston, would take us home. I remember watching him and Anne eat fresh raw oysters by the gunny sack full. I had some wonderful times, working with her, and just being friends, Anne Wilson, I'll always love and remember you! I'll see you again !*
