“ *One month from today.. Will be one year since we lost this precious angel.. And not one day goes by that I don't think about her..*

My world was changed on 2/20/15. My heart stopped. My definition of love changed. My expectations flew. You raised such pain in my life that you made me rethink everything. Almost a year later. And I'm still searching for what it is I need. But nothing can fill the space and void that was left behind..

You will always be mommy's baby. I love you to the moon and back. Nothing and no one can take your place. 🥹
