“ *I remember when Lee and I were first dating, I had an old Volkswagon Beetle that wouldn't start about half the time. I was out there one evening and was leaving about midnight. THE CAR WOULDN'T START! So, Bea gets out there at midnight in her pajamas and helps push the car down the road, so I could pop the clutch and start it! Later, Ralph had a Pontiac that he traded me for that Volkswagon. So it became HER car to drive. Bea got over in Evansville with the car and it wouldn't start. She had to get someone over there to help her push the car to get it started. She came home SO MAD, and the next week they sold the car! She has always been such a good sport! I sure do love her!! :-)*
