“ *I knew this wonderful lady from one of her best friends while growing up in Galveston IN... Ms. Wendy 'Peterson' Bodam my wife. We visited with her when all three of the family 'Brian, her mom, and Caroline were still alive. Such a fun time meeting them and sharing some of the memories they had as children.*

Now they all call play once again in heaven with my Wendy...

RIP fine lady

“ *Carolyn was so proud when she finished her book *Betrayed by Destiny* also she praised her son Brian for the cover. His design was great ! Carolyn had always said for years she was gonna write a book someday but most of us did not really think she would! But guess what , she sure proved us wrong!!!!*
