“ I'm so sorry for your loss, I just found out about your Dad, he will be missed, I will miss him. I always looked up to him like a Father, since mine had passed. I remember he told me one time when I was going to Michigan in a truck that had not been that far in years (Truck 200) and he told me it would be ok just pretend that your doing city work in Henderson. He was a funny man. He use to drive Cary crazy everytime he would come into the office he would always flip his coins in his pocket, or take them into his hand and flip them, all you heard was alot of clanking.lol. I will always keep him in my thoughts and prayers.

Take Care and God Bless

“ I worked for Grandpa Doug during high school and college. Most people think working for your grandpa would be the easiest job in the world, but he was the hardest boss I've ever had. He always said a job worth doing is worth doing right, and I credit him with the success I've had over the years.

Love you Dougie.

“ *Uncle Doug has always been so special & loved in our family, I will always have good memories of him at our family reunions & my time visiting with him a few months ago in Michigan. He was such an honorable man & wonderful role model. I picture my Mom standing behind Jesus welcoming Uncle Doug into his heavenly home. He will truly be missed by us on earth, but we rejoice knowing he is at home with his Lord and Savior.*
