“ I had the privilege to work for Assistant Chief Don Kellough for several years at the Henderson Fire Department. He was always fun to be around, physically tough, and fair. During our time together, one of the duties at the main station was to oversee the distribution of vouchers to people in need. Local churches funded the program and we approved or disapproved individual vouchers on church instructions on a 24 hour basis. On more than one occasion, I observed Don follow families, some with children involved, to their car and give them money out of his pocket. He was viewed as a tough character but he had a soft heart and proved it in many situations that I personally observed. He will be missed and I extend my condolences to the family.

“ I've known Don for many years. We worked in the hayfields together when I was still in high school. Then when I went to work at the HFD, we worked together again. For a time he was the Assitant Chief on my shift, or should I say his shift. He was always fair and would tell you exactly how he felt about anything. May the Lord bless his family and friends with peace and comfort!
