“ *I was sorry to hear of Kathleen's passing. I enjoyed working with her and going to bingo with her. She had just recently befriended me on face book. I was hoping to hear back from here. She could always make us laugh.*

“ *Kathy Burton was a wonderful lady. I had the privilege of meeting her over 30 years ago when her brother married my sister. I watched her grow her family and can hardly believe that it's been all this time. Knowing Kathy was like knowing a loving angel. She was a kind and trusted lady, who gave of herself endlessly. May God grant His peace to her family and friends and may we all rejoice at the idea of meeting her again with God someday. I hope you and your Daddy aren't telling too many old stories up there ;)*

“ I was just a passing wind in the life of Kathleen. However, I'd be re-missed not to honor her. I briefly worked under her direction in 2009. She constantly showed me generosity by giving to me & helping me, she always had a joke and a smile, and even in my departure I know her heart wanted the best. I recall her speaking of her grandchildren with so much love as she rejoiced in every moment and memory of them. I vividly recall her excitement of celebrating Easter because that was Jesus' day! And she wanted her grand kids to remember how important that day was. She loved her family and children with her entire being. Her daughter, Katherine, became a friend to me while working there visiting my home to do hair :) It was an honor to have met you Kathleen and her family. I take with me lessons from her life, even in my short time with her and you all. You're in my thoughts & prayers. Be blessed!

“ It is a privilege & honor that I can say I was a small part of Kathleen's life for a short period of time. In the few years we worked together you could see her dedication & compassion for our patients & she was greatly loved by all she came into contact with. I could always count on her witty sarcasm to bring a smile to my face when we were thinking we could handle nothing else! She was my employee, confidant, bingo buddy but most importantly my friend. My office could never fill the void she has left us with. This is not goodbye but just so long for now!  
You will be missed, I love ya--Rest In Peace

“ I am so grateful to have known Kathleen! She hired me at Caretenders back in 2009 where I worked in Henderson for almost a year with her. Kathleen loved her patients, her family and friends and her grandbabies so very much. She had the most wonderful outlook on life and sense of humor. We are all so blessed to have known and loved her. We will all miss you Kathleen!

“ It was a pleasue and honor to have known Kathy. She and her family was a friend of mine when I lived in Spottsville. Even though its been years since I seen her i still remember her funny personalitiy and I was sadden to her of her passing. My prayers are with Tim and her family ( Roy & Johnny ) in this time of sorrow but just remember she is not suffering any longer and she is in God's hands now

“ I was blessed to have known Kathleen for 10 years. She was an amazing person. What I remember most about Kathleen was her strength, courage, and love. She embodied those characteristics. Proverbs 31 says "Many women have done worthily, but you surpass them all". I can't imagine life without Kathleen. She was a dedicated mother, grandmother, co-worker, nurse, and friend. Her life was one of service to us all. Being one of God's fierce creatures, she protected what was hers, and if she knew you, you were hers. I will miss her humor, her smile, her encouragement, her pride in her family and work, but most of all I will miss a dear friend, who for too short of time brought light to the darkness.

*Kathleen*

*I still see your shadow,  
Your laugh lingers on,  
When I dream, we're all back together,  
Then I wake and you are gone.*

*It's strange here without you,  
But it was meant to be,  
So Kathleen up in Heaven,  
Please wait for me.*

“ When I think of Kathleen I see her contagious smile and her witty laughter. I see her light up when she would see her children and especially her grandchildren walk through our office doors for a visit. I see her generosity and amazingly big heart! Kathleen was always loving and caring and always one hundred percent positive. I feel truly blessed to have had Kathleen in my life for the past two years. While it is hard to say goodbye to you, I will treasure the time we did have together and of course the wonderful memories~

“ My life has been blessed and forever changed knowing my dear friend Kathleen. She loved unconditionally, devoted her entire life to helping others and held her family closest to her heart. Kathleen believed the best in all. So my dear friend, I will carry you in my heart forever. I shall plant another rose bush just for you this spring and smile as I watch it grow and bloom. Your spirit and love of life will be with me for all times. The daffadils and crocuses are blooming just for you and your family.
