“ to my sister in law. I love you very much. I have so many fond memories of you. when I was a kid, I always looked forward to you spending the night at my house because I would always sleep with you. even though you had all those kids, you always made time for me. we would stay up all night laughing. then I would come to your house and spend the night and keep you up all night there too. lol remember the spooky movies. I remember the one time, I was sitting across the room from you watching a spooky movie(probably a werewolf movie), and the window was open behind me and the outside dog started howling and I was so scared I could not move and I said, "evelyn, come and get me" and you said, "get up and come over here" I jumped over there and snuggled up with you. lol you were the best cook and mother I have ever seen. pinto beans and dumplings mmmm mmm good. I always asked you to sing to me because you had the best voice and could have made it in Nashville. I would always tell you that and you would just roll your eyes. even though you had many hard times in your life, you never gave up. you were so tough. I'm sorry I became so busy in my life that I didn't come and see you like I should have but I know you love me anyway because that is who you are. I know you will be there to meet me when I get to heaven and I can't wait to see your beautiful smile again.

I'm gonna miss coming to see you and watching your face light up when I would walk through the door with a gift. I loved bringing you and Robin tomatoes, cantaloupe and watermelon. In the short time that I got to know you, was such a blessing to me. Please watch over derick and be his guardian angel.
