“ Dear Grandchildren,

Weather conditions prevent us from coming to the funeral today for George. Jenny and I live in Owensboro, Ky., and went to church with George at Settle. On many occasions I have gone with George to his farms, visited old home places, cemetery, old friends, business partners, and Smith Mills. We have eaten in all the restaurants in that area, especially where they serve banana pudding. He has shown me all important points of interest to him in Henderson. We visited with George in December at the Colonial. I feel like I know both of you because he told me so much about you and what you were doing, he was proud of you. We will miss him.
