“ *Remembering all our memories,and the times we had together,I've
learned so much from you. You was like dad to me over the years
,telling me when I was messing up,keeping me in line. True friends
are the ones who never leave your heart, even if they leave your life
for a while. Even after years apart, you pick up with them right
where you left off, and even if they die they're never dead in your
heart.*

“ I will miss Johnny's voice on the Pittsburg phone & seeing his friendly face at my receptionist window. I used to tease him about giving me that gold colored "Gold Wing" trike if he & Brenda didn't want it any more. But the most fond memory I will forever be thankful for is one of the days he stopped in the Pittsburg Tank & Tower office before he went into the hospital. The last conversation we had was about being ready to meet the Lord. We spoke at some length without any interruptions, which I believe was divine intervention, and when he finally walked away from my window & into the building, his eyes were filled with tears. I believe he may have renewed his relationship with his Heavenly Father. I saw him one more time after that, but my duty as receptionist kept us from talking again. I know all from Pittsburg Tank & Tower who knew him will miss him very much.

Brenda, if you need anyone to talk to or if I can be of help in any way, just stop by the office or give me a call. May you & your family feel God's love & comfort during this trying time.
