“ I worked with Martha about 30 years ago in Home Health. Since there were only five or six of us we got to know each other well. The patient was her primary concern and she was one of the best assitants I ever had the pleasure of working with. I was a young whipper snaper then and she taught me many things both about life and nursing. I know I am a better person from her influence in my life. I know the last few years have been hard for all of you, but she is in a better place.

*Peggy, your Mother was a precious lady, and a joy to know. I worked with her at CMH for several years and loved her then, she truly cared about her patients and was always willing to help her co-workers. She always had a gentle touch and a smile for her patients. She taught me many things and she raised you Peggy, to be a Mini-Martha who also cares about her patients. I know she was proud of you and I have been blessed to know your family through you. I know Carl was at Heaven's gate ready to hug Martha!!! Love to you and your family!!*
