“ *You were the light of my life. Every moment spent with you is a memory I will cherish forever. Now you rest in Heaven with my Mom and 2 uncles where you could not be happier. Dancing and Singing with the angles like you did here on earth. You were the most caring and loving person. I will always remember Kody saying when we said we were going to your house....."Mom is she making her rolls?" Just wish I could have mastered those rolls for him. Your cooking was always the greatest. I will always remember the time I tried to help one year and found the real secret to why everything tasted so wonderful was because you put your finger in it and tasted it. You added your sweetness and love and that is what made it all wonderful. I will forever miss the twinkle in your eye when you saw my boys. Kody loved you so much, and Riley will have to just have your memories passed down. Your memories will live on forever in our hearts. Love and miss you always may you rest in peace.*
