“ *You turned 40 this year, it's been a very hard road to travel these past 6 years. It will be 7 this January. Bet you had the time of your life last year 3 days before your birthday, you got the best gift of all, your brother. Guess he just couldn't take not seeing you, but he had it hard these past few years, his days would come and go. I know you and Shannon was waiting right there for him. I love and miss you everyday. My life got turned upside down after I lost you. Michael I'm so mad at myself for not coming to you when you needed me. You would still be here if I had. I live with this everyday. The worse part is I didn't get to say my goodbyes and to let you know there at the end , I was right outside, we will be together again. I know Dustin probably kicked your butt for leaving us so soon. I'm blessed to have had the years with both of hall that I did have. And we will be together again. I love and miss you. Love mom.*

“ Hi son, I love and miss you. You got a 3 day early birthday present, but it's a great one. Course you already know who it is, your brother Dustin. I wish I had some answers on why he did what he did that morning, but I won't get them like I never got all the truth about the passing of you. I miss both of y'all everyday. I love y'all endlessly. Y'all take care of Shannon and of course Odis to. We will be together again. Love mom.

“ Sorry son it's been awhile that I have been on here. I missed out on your birthday this year, and I'm sorry for that, but you did get a wonderful gift. You got him on the 16th of August. I know you was waiting for Dustin with open arms. Y'all are together again, I love and miss yall. And y'all aunt Shannon, fly high my sons I will see y'all again.

“ Today you turned 38, the last birthday I had with you , you turned 33. Not knowing what the next few months was going to devastate my life forever and turn it upside down for the rest of my life, God had better plans for, than he did for you here on earth. Til we reunite again, I love and miss you son, love mom.

Angie Banks - April 17, 2019 at 07:00 AM

“ It all started today, but never dreamed that less than 14 hours from now you would be dead. That's also when my life shattered to pieces. And haven't been able to put much of it back together since. And today it's like I'm reliving it. Hour after hour . I miss you so much Michael, I want you to know that I'm not mad at you son, I want you to rest in piece . I love you son, and even though I can't see you in person, I have you in my heart every second of the day.

Angie Banks - January 26, 2019 at 11:13 AM

“ This year was hell, last day of the year, didn't know that this day last year it would be the last we got to spend with you for any holidays, Nor didn't know that my time with you was limited for the new year. I only had 26 days left with you on earth. Give anything if I had them days back, cause it wouldn't have turned out this way I would have saved you. You would still be with us. God only knows how I made it through this year and don't know what 2019 has stored but all I'm doing is what I did this year, pray for strength to get through tomorrow. I love you son, miss you every day. Love mom.

Stay off of my sons page, the next one I see you put on here I will have something done, you are the reason he is where he is at, my son died in your bedroom, leave my family alone, this is no longer any doings with you, Brittany or boo. If I have to I will have the funeral home to delete the web page and that wouldn't be right to the rest of his family which you are no part of.

“ It all started when we both laid eyes on each other an from there on out we just had to have each other lol. Ever since then we been rocking with one another hard. We was each other's rock, backbone, we'd do any and everything for each other. That bond we had will never be broken . Even though your gone we're still a team. I love an miss you so much can't even begin to explain the love I had for you. An my love will never stop for you. U took a piece of my heart with u when u left me, an I wouldn't have it any other way.

“ *Man where do I start. Ive known you for years. We got really close when both of us was going through it. U was there for me when nobody else was. All the nights I kept u up crying and angry and just needing to vent you was there just listening. Ever single day we was ride or die for each other and became the best of friends. We would sit in ur car in the alley allnight, you was hoping she would call and I was hoping he would call, man that was alot of nights just crying and talking about how we fucked up our lives. I cant believe this has happened to you. So young and just completely full of life and there for everybody. Even the faulty ones you was still there.
