“ *Dear Marietta, Sharyn, Bill, Bobby and Mark, I first want to say I am so sorry for the loss of your mother. I wanted to share some memories of her with you that mean a lot to me. Although I hadn't seen her in quite a while I remember your mother as an amazing person in my growing up years; so adventuresome in her business enterprises and always so creative in her decoration and homemaking activities. Her floats and Christmas decorations for the exterior of your house were exotic to me. I remember her taking us places in the white Ford Fairlane with red interior even though she had a very busy schedule. I remember spending lots of summer evenings on your front porch at 402 S. Main and your mother coming out to check on Marietta and me to see that there were no boys hanging around before she went to bed for the night. She was a modern role model for me and gave me an insight into what a woman could do in addition to being a stay at home mom, much like own my mother provided for me. I remember her working at West Bros. and seeing her there in a business setting and also how skilled she was when she decorated Marietta and Sharyn's upstairs bedrooms, making the curtains and bedspreads herself that could rival anything store bought these days. Fond thoughts of your mother will remain with me forever. I hope you all find support and comfort from each other during this sad time and know that your mother meant a lot to many of us growing up at your house.*
