“ *Paul David , I remember working for your dad at west ky plastics . You would drive the company truck after hrs and bring it back to work and park it at the end of the building so DC wouldn't see it. When he did we could hear him all over the plant , because you drove through the cornfields and weeds and it was still on it when you brought it back. You kept your dad fired up more times than I could count but he loved you. You grew up in the plant when he would bring you there. I don't know what happened but I saddened by your passing. You will be missed. Paula GUILL Fraliex*

“ Dear Sweet Paul David,

I will never forget all the fun we had in homeroom during High School. We use to have so many laughs with Cindy, Lisa, Greg, Hutch and Rob..and the few double dates we all went on to dances (you with your date & me with mine) are especially fun memories that I will always cherish.

You were so nice to me and I will never forget your beautiful smile, it always brightened up my day. My heart breaks for you and your family.

Until we meet again my friend, keep Tony and the others that have gone before us company.

Sending you all my love and praying for peace and comfort for your family.
