“ *My friend, my lookout, my joy n my pain, my first love n only sister, here I sit somber, the last of 3 only to remain. You pushed me to be stronger, more valiant. Whilst we would tremble, playing n skating through the spring rain; we would grow into womanhood, jacking glitter n stickers till twas time for school boy charms n the tattered hearts we'd cast so far, no boys in our domain. I followed you n you followed me. Even if there were 3 or 4 of us, it was really always down to you me. You'd pull the dirt from my pink jacket n I'd tell you booger's were trying to escape from yr nose. I'd cry on yr shoulder then we'd paint each other's toes. God knows the world took us miles away, but, I am the proud woman who wouldn't have been without you helping me along the way. And even though I foolishly let 20 years slip away, time stopped for us on those very last 2 days. I'll hold them close n wipe away my tears because even if I was a dumbass wasting all those years; you never gave up n held our 7 year old hearts dear. I thank you for that rachel, my best friend, my sister; I'll keep us warm n safe till the time we get to speak again comes near. I love you, always n because of you I know trust n friendship n love are timeless. N when it's my time, because you'll be there, I shall have no fear. I'll miss you till I get to meet you again, Rachel, mf best f friends till the mf end. Tiff, Lisa; my heart is with y'all n kiss those handsome boys n tell em a Rachel story. God bless n take care cuz if you really, truly need her, know she'll find her way there. Kelly sue*

I can't even speak. Body won't stop shaking. Heart pounding yet skipping too. Chest hurts. Can't stop crying no matter where I am. I can't take this

I'm so sorry, tiff. I know we haven't even spoken in years but, we did grow up together. She loved you, she knew, we only spoke of you n y'all relationship briefly but, she only had good things to say about you. Her crazy slip showed just for a millisecond but, that's just granny peeking out through her. She said you were beautiful n had a temper but, in the same sentence said that was probably half her fault. Idk what she was really talking about or what y'all's beef was, sister shit, I'm sure. But, she loved you n said it don't matter she's still my sister n he can't take that, can't mess that shit up, that's my sister n then something about her youngest son. But, my point is, I hadn't talked to her in like 15 or so years n she didn't want me to think badly of you. Cuz I asked about all of y'all. I didn't know granny had passed. I think that , in retrospect, shows how much she cared n thought of you n whatever it was between you two, she didn't take it to heart because you were already in there taking all the space so bullshit couldn't. I'm lost too. She was a big part of me for a long time. Imma gonna leave my number here for you. I know it's been forever n me n you weren't as close of buddies as she n I were or as close as you n her were; but, it might help us both to talk to someone else who really, really knew her n now knows the loss of her. I think it might help. Plus, I'd like to see her god, I don't even wanna say this word, gravesite. I should have come to the service. I was a mess n didn't wanna see ppl I hadn't seen in 20 years for q+a time. So, yeah. If ya don't wanna use my number, that's ok too. It's all gravy n I totally understand. Maybe just shoot me what cemetery is the one, if anything. Give yr mum my best, she was always real kind to me as a child n let her know I appreciate it. Most of all, I heard that our loved ones visit us in our dreams, actually Rachel told me that, so just know if you got something you just didn't get to say, she'll come around n you'll talk again. If it's true, she's came on by my place once already, I like to think it's gotta be. Keep yr head up, girly, she wouldn't want yr world to crumble, you know that already. Heartfelt bests, always KSG 2708606183 text or I won't answer. 📱💬❤️❤️❤️

Thank you Kelley. I'm gonna put it in my phone and text you. What's so hard is that the real Rachel was there for so long and right up until just before the end and it happened so quickly 😞 The things she was talking about the past several months was not her. I'll tell you when I talk to you. But it hurts because I just wish I could have helped her. I tried. But I wish I'd tried harder ❤️

“ My sweet beautiful sister inside and out. If I could have one more day with you, I would let you know how wonderful you truly are. How I see you and always have. I know your heart. I know your pain. I wish I'd understood before the way I do now 🥹 I would tell you everything that I admire about you and always have. You are so caring, compassionate, forgiving, understanding. Way more than myself. You are dedicated, loyal, selfless, giving, talented, beautiful, strong, worthy, loved, needed, wanted. You are creative, and ambitious. These are not just words on a paper or a screen. This IS what you are. This IS what I've always known and seen in you. I wish I just could have one more day to tell you. I wish I could let you know 🥹 You were a wonderful sister. Mother. Aunt. Your nieces love you so much. They will miss aunt Rachel's rice crispy treats and homemade crafts and cooking with you in the kitchen and all the wonderful times they had and loved with you. So many memories flood my mind of us. All the wonderful times. All the places we went and the love we had and the time we spent together. How I wish so badly that I could go back. That I could do so many things differently. I miss you 💔 I love you. I love you very much. I hope you know and I hope you knew. You were so loved.
