“ *I am so sorry for your loss. Sandy and JAckie Carter were really good friends growing up and he spent a lot of town at our house. I had run into him a lot over the years and he would always take time to stop and ask about everyone. I wish there were words to take away the pain you feel right now but we all know there is not. Time will make it easier and your memories together with Sandy will carry you through every day. My prayers are with you all.*
