“When I think of my mom, I like to use the word “heroic”. I hope that her testimony gives someone else the courage to live fearlessly.

*Hi mama, I hope you know how much we love you & miss you deeply. Your contagious laugh, your endless effort to finish off the lyrics to the songs dad would throw in your direction, your constant call of my name, etc. But what's missed most of all; is your love. I always thought you needed us, truth is, we needed you. Without you, life doesn't seem to make sense. If you're reading this, just know that I'll take care of dad. Your memory will live through us forever. Everything we do, will be done for you. I love you so much, mom. I know where you are & I'm SO happy you're at peace. You finally have the most amazing life you could've ever asked for! When I look at the sun shining, I feel you & I know you're okay. I'll see you again one day!*

*“All that I am, or hope to be, I owe to my angel mother.”  
XOXO.*

“My mom was one in a million, beautiful inside and out. She loved everyone she knew so fiercely. We are absolutely heartbroken but the time we got to spend with her we will cherish forever. She is our warrior and I can only hope to be as strong of a woman as she was. I love you with all of my heart momma and I know we will see you again.
