Well Mr. Steve Brann was the only backhoe operator in Henderson, Union Webster or any other county who could flat lay out the ground for ant field bed or septic system. He know Henderson water system along with the plumbing of water in Henderson better than anyone. I am sure he has passed this on to his son Steve. He always had a laugh that was very special. His smile could light up a room. He loved his family and his brothers ment the world to him. He worked very hard and learned a business that his dad taught him. He was a sweet brother and he will be missed so very much. His sister Roxann
