“ *Susie,*

There is not many childhood memories that doesn't involve you and your family. I may not be one of your kids but you treated me as I was your own. In reality with all the love your share between your family your animals and all us kids you watched one could say you had more kids than you can count. You blessed so many lives, and Im just happy I can say mine was one of them.

*Missing you,

“ *Susie was a very special person in my life. We spent many hours together. We shared both good and bad things in our lives. We've leaned on each other and cried on each other's shoulder many times. As well as laughing until we cried. Susie was the matron of honor in my wedding. I will miss her something awful. Love you Susie Q. Every time I sit at the riverfront...I will think of you!* ”
