“ I went to junior high and high school with tracey! I transferred to junior high my 9th grade year from Holy Name. My work of her was her compassionate spirit. She was one of the few who made me feel a part and welcome my first day of junior high. She always offered a smile and words of encouragement. Too young to be gone! Prayers of comfort and love for her family.

“ Tracey was an exceptional person! We worked together at Dillard's. With Tracey there it was never a dull or boring day! We always laughed, danced, and took care of our customers. We took lunch together every day we could. We always said we could have our own 'reality TV show' so we actually made one up called, "Keeping it Real at the Dill" every time we would do something funny or got in trouble we would always joke that the ratings are gonna be going off the charts on this episode. Our best episode was on one of our lunch breaks we were sitting in the parking lot eating our lunch and a bird flew into my car and hit me in the face. I was in complete panic and Tracey was laughing so hard she was crying. Every time she told the story she would have to almost go to the floor from laughing so hard. We got the best ratings off that episode. It's so heartbreaking to lose a friend and Monday will sadly be the final episode of Keeping it Real at the Dill. Rest easy friend I will never ever forget you and will cherish our memories for the rest of my life!
